

Assembly guide

On Point H650.

OFFECCT

“On Point is designed to allow full contact between up to eight people around it, while it’s also perfect for more private **and intimate gatherings** among a few individuals. It’s also a way of creating a micro architecture in the room, with the tree’s natural ceiling that makes us feel **pleasantly enwrapped and comforted**”, says Mattias Stenberg.

Designer Mattias Stenberg

1

- 1.1 Place the plant on the floor in a flower pot.
- 1.2 Connect the power cable to a socket on the floor.
- 1.3 Connect the both side inside the table.

2

Connect the two side of the table top.

3

Place the center module around the plant.

Enjoy your new On Point table H650.
